

## Maximize Your Learning Experience

- 1. Expect a successful session.**
2. Decide your aim...  
What do you want to know that you don't already know?  
What skills do you want to build?
- 3. Actively look for the “What’s In It For Me?” in each session.**  
*Ask, “What can I learn from this session?”*  
**Determine how you will use this knowledge in developing lessons for your students.**
4. Keep a planner handy to set goals, assign yourself timelines and reminders.
- 5. Expand your network.**  
**Have plenty of business cards on hand.**
6. Use the presenters as resources.  
Ask for their assistance beyond the presentation.
- 7. Participate actively and positively.**
